

Polarity Healthcare - Refund Policy

Revised 5/13/14

This policy applies only to participants who paid money directly to Polarity Healthcare, Gibson Massotherapy or Randall Gibson. Host schools and sponsors handling registration have their own refund policies.

1. The entire tuition is refundable up to two weeks prior to the seminar.
2. If you cancel less than two weeks but, at least 24 hours prior to the start of a seminar, the tuition is refundable minus a \$50 administration fee, or you can apply the full amount as credit toward a future seminar. If applied to a future seminar, a minimum of \$50 will remain non-refundable.
3. If you cancel within 24 hours of a seminar, tuition is non-refundable. You may (one time only) apply the entire tuition amount to a future seminar. If you cancel within 24 hours a second time, you can apply the tuition to a future seminar minus a \$50 administration fee.
4. If you do not show up for a seminar (with no prior notification), no refund is available. You may apply the tuition amount (minus a \$50 administration fee) toward a future class.
5. If you attend only part of a seminar, no refund is available. You may be permitted to attend a part of the class which you missed when the class is offered at a future date.

Policies are subject to change without notice.
